

The Avalon Home and Land Owners Association

The Avalon Planning and Zoning Board approved the establishment of an Advisory Group to present alternatives for the beautification of Avalon Blvd. at the entrance to town from the bridge crossing Graven's Thorofare (crooked bridge) eastward to the 30th St bridge. The Advisory Group will hold a series of public meetings for both individuals and organizations at 7 PM at the Borough Hall on 2 June, 7 July, and 4 August to accept, and refine ideas with the objective of presenting alternatives to the Planning and Zoning Board in late summer, for implementation in 2011. Reconstruction of the 30th St. bridge, and roadway approach, is scheduled for the Fall of 2010.

The Advisory Group is headed by Mike Matt of the Avalon Home and Land Owners Assn. Ph 368 0512.
