

VOLUNTEERS ARE INVITED TO HELP PLANT DUNE GRASS IN AVALON

(Avalon, NJ) - Volunteers are invited to help plant dune grass on Saturday, April 17th, 2010. Everyone is welcome to participate in this important project.

Volunteers should report to the Avalon Community Hall at 30th Street and Avalon Avenue at 8:30am, where donuts and coffee will be served. A brief demonstration on planting will be given. Special designed tools for planting the dune grass will be provided. All volunteers will then be transported to the planting sites by Avalon Borough trucks. A complimentary lunch will be served at Noon at Avalon Community Hall. If there is still planting that has not been accomplished, planting will resume after lunch for those who can continue to plant dune grass.

In the event of rain, the dune grass planting will be postponed until Sunday, April 18th, 2010.
